

Data Format

Input data format:	
Preferred	ODB++
	Gerber X2
Others	Eagle.brd soubor (show version of Eagle)
	Gerber RS-274X
Drilling data	Excellon
	Sieb & Meyer 1000/3000
	You can use Gerber RS-274X file for drilling data. Pads like holes and finish size. (recommended)

Note:

Attention! The size of drilling hole will be smaller in approximately 0.10 mm because there will be copper in the holes and that's why please adduce note if there are size of holes like drilling or finished size.
